

SSFL Accessway 1B

- **SSFL Construction Accessway 1B:- (see Bankstown Ccl map 2)**
 - Enter: via ramp for Maintenance Access Way 1B off Wellington Road (Wellington Road Gate 3), east of Woods Road. Access Wellington Road from Hume Hwy- Hector St- Rodd St- Rose St. Avoid turning from Hector St to Wellington Rd for entry for the following reasons: limited sight distance to rail overbridge and traffic beyond makes it difficult to make right turn from Hector St into Wellington Rd; Hector St/ Wellington Rd intersection is likely to be very busy when other bridge half-closure or full-closures are in place; and there is already likely to be additional construction vehicle traffic on Wellington Rd. **BCC requests avoiding use of Proctor Pde (east of Hector St) due to sensitive land uses, and minimising use of Rose St and Woods Rd due to weak road condition.**
 - Exit: from Access Entry Way (1B) onto Wellington Road (Gate 2), then Auburn Road- Brunker Road- Joseph St or Auburn Road- Hume Highway.
