

AUSTRALIAN RAIL TRACK CORPORATION LTD

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

### Sefton Area – Weekend Works

Australian Rail Track Corporation (ARTC) will be undertaking construction works in your area over the weekend of the 31<sup>st</sup> July and 1<sup>st</sup> August 2010. These works are part of the construction of the Southern Sydney Freight Line (SSFL).

**Sefton Station** – The works will take place from 2.00am on Saturday 31<sup>st</sup> July and continue until 2.00am on Monday 2<sup>nd</sup> August 2010. The works will involve a power upgrade from external power to a new padmount location, works to lift shaft including glazing and cladding, and works to throw screens. The equipment that will be used will be a 60t crane, 20t franna, hand tools, delivery trucks, oxy sets, scaffold, and scissor lift.

**Sefton Station** – The works will take place from 7.00am and continue until 7.00pm on both Saturday 31<sup>st</sup> July and Sunday 1<sup>st</sup> August 2010. The works involve construction of an undertrack crossing for a Telstra cable. Equipment used will be an excavator, dumpy, hand tools, and light vehicles.

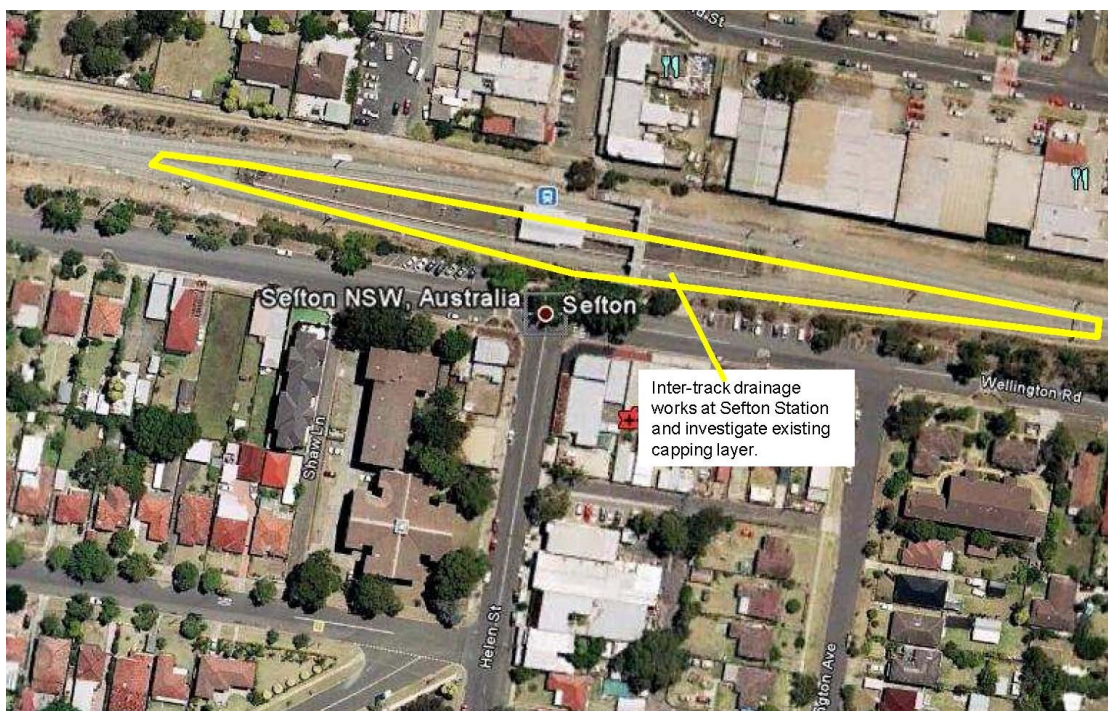

**Sefton East Junction** – The works will take place from 7.00am until 5.00pm on both Saturday 31<sup>st</sup> July and Sunday 1<sup>st</sup> August 2010. The works will involve piling at Coopers Road Overbridge at Sefton Dive. Equipment used will be a 10t piling rig, 7t excavator, dumpy truck, concrete truck, concrete pump, and hand tools.

**Hector Street Underbridge** – The works will take place from 7.00am until 5.00pm on both Saturday 31<sup>st</sup> July and Sunday 1<sup>st</sup> August 2010. The works will involve realignment works at Cantilever Walkway. Equipment used will be an Elevated work platform, grinder, hand tools, generator, and lightning tower (Daymaker).

**Sefton Station**– The works will take place from 7.00am until 5.00pm on both Saturday 31<sup>st</sup> July and Sunday 1<sup>st</sup> August 2010. The works will involve inter-track drainage works at Woods Road to Hector Street and investigation of the existing capping layer. Equipment used will be a 7t excavator, dumpy truck with rubber tyres and plywood shuttering.

We appreciate everyone's patience while we build this important project.
