Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Construction work at Cabramatta Station – Parking upgrade

Australian Rail Track Corporation (ARTC) will be undertaking construction work in the vicinity of Cabramatta Station. Approximately 12 car spaces will be affected for a short time only while the upgrading of parking in this location takes place as part of the SSFL works.

North-bound street parking on Broomfield Street between Bridge Street and Boundary Lane will be interrupted from Tuesday 17th August for approximately three weeks. New parking has been completed south of the new works area and is now available for resident and commuter usage. Traffic movements will be impacted by these works and traffic control will be in place to manage these movements.

Machinery used during the works include: Bogie; Bobcat; Roller; Work Vehicles and Traffic Control Vehicles.

We appreciate everyone's patience while we build this important project for Sydney, NSW and the nation.
