

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Minto Area – Weekend Works

Australian Rail Track Corporation (ARTC) will be doing construction works in your area as part of the SSFL works.

Minto

The works include the installation of a new train radio mast and underline crossing. Construction work will take place from 7am to 6pm on both Saturday 21st August 2010 and Sunday 22nd August 2010. The equipment on site will include site vehicles, 50t crane, excavator, dumper truck, directional boring machine and hand tools.

Minto

The works include the installation of cable route Minto Station Down Main Platform coping, and two underline crossings. Construction work will take place from 7am to 6pm on both Saturday 21st August 2010 and Sunday 22nd August 2010. The equipment on site will include site vehicles, excavator and dumper truck.

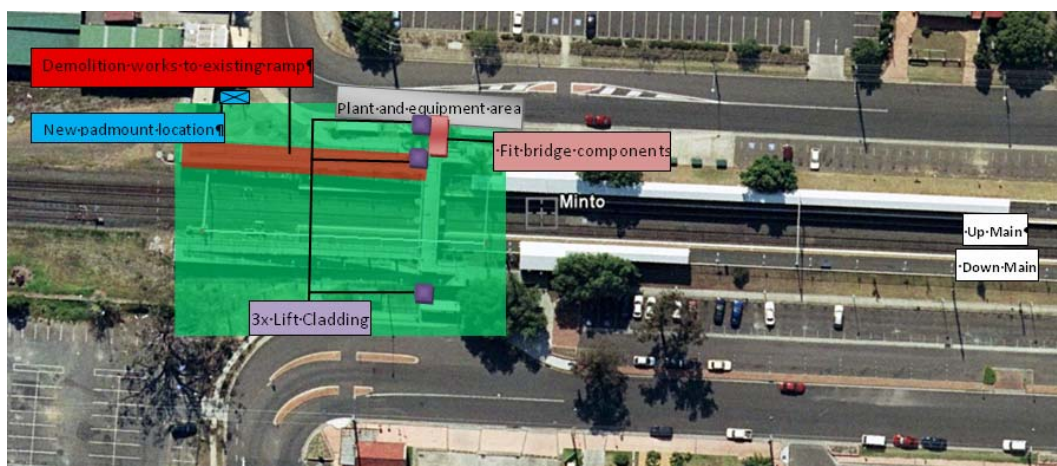

Minto to Leumeah

The works consist of the relocation of signal locations and recabling of associated trackside equipment which includes potholing of existing buried cable routes, excavating cable route trenches, relocation of existing RailCorp signalling location cases, installation of buried and above ground cable routes, and the installation and relocation of cables. Construction work will take place from 7am to 6pm on both Saturday 21st August 2010 and Sunday 22nd August 2010. The equipment on site will include site vehicles, excavator, backhoe, non-destructive high pressure jet blaster and vacuum plant, and dumper truck.

Minto Station

The works include fitting bridge components and cladding to lift shafts, demolishing the existing ramp structure and power upgrade. Construction work will take place from 2am Saturday 21st August 2010 to 2am Monday 23rd August 2010. The equipment on site will include a 100t crane, 20t franna crane, scaffold, scissor lifts, hand tools, delivery trucks, oxy sets, traffic management and generator.

Minto to Leumeah

The works include the installation of a signalling pit adjacent to the up main, and installation of an underline crossing. Construction work will take place from 7am to 6pm on both Saturday 21st August 2010 and Sunday 22nd August 2010. The equipment on site will include site vehicles, excavator, dumper truck and hand tools.

We appreciate everyone's patience while we build this important project.
