Out of Hours Works – Miller Road Overbridge

Australian Rail Track Corporation (ARTC) will be undertaking out of hours work at Miller Road Overbridge over three consecutive weekends. The works will only require two weekends, however due to wet weather a third weekend is contingency only.

10th & 11th September 2010 – The works will begin at 6.00pm and will continue until 1.00am on Friday the 10th and Saturday the 11th September. The works will involve a full road closure at Miller Road Overbridge, with traffic being diverted during these work hours, they will be completing a concrete stitch pour and the road will remain closed to allow the concrete to cure. The equipment to be used for the works include: Concrete Agitator; Concrete Vibrator; Lighting Towers and Traffic Control.

18th and 19th September 2010 – The works will begin at 6.00am and will continue until 1800 on Saturday 18th and Sunday the 19th. The works will involve a full road closure at Miller Road Overbridge, with traffic being diverted during these work hours. The road will remain closed while surface preparation and joint preparation is being completed. The equipment to be used for the works include: Asphalt Paver; Bitumen Tanker; Bobcat Profiler; Vacuum Truck; Rigid Covered Hot Mix Trucks; 20t Franna Crane; 2t Smooth Drum Vibrating Roller and hand tools.

25th and 26th September 2010 – The works will only take place if the previous weekend works are delayed by wet weather. The contingency works will begin at 6.00am and will continue until 6.00pm on Saturday 25th and Sunday 26th September, if the works are required. The works will involve a full road closure at Miller Road Overbridge, with traffic being diverted during these work hours. The Equipment to be used for the works include: Asphalt Paver; Bitumen Tanker; Bobcat Profiler; Vacuum Truck; Rigid Covered Hot Mix Trucks; 20t Franna Crane; 2t Smooth Drum Vibrating Roller and hand tools.

We appreciate everyone's patience while we build this important project for Sydney, NSW and the nation.
