

AUSTRALIAN RAIL TRACK CORPORATION LTD

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

### **Ingleburn to Minto – Weekend Works**

Australian Rail Track Corporation (ARTC) will be undertaking construction work in your area. These works must be undertaken outside normal construction hours because of the safety risks involved with working in close proximity to overhead power and rail track.

The works will include:

- Installing, changing over and commissioning Communications Cables (Combined Services Route Zone 4).

These works will be undertaken on Saturday 8, Sunday 9, Saturday 15 and Sunday 16 January 2011 from 7am to 6pm, with a contingency from 6pm to 10pm.

- Relocating the 240V power supply to the Hot Box Detector from the Minto Compressor Hut.

These works will be undertaken on one weekend only, which will be either Sunday 2 and Monday 3, Saturday 8 and Sunday 9, Saturday 15 and Sunday 16, or Saturday 23 and Sunday 24 January 2011 from 7am to 6pm, with a contingency between 6pm and 10pm.

The equipment required for these works include site vehicles, a 3.5t excavator, excavators, crane truck, dumper trucks, power winches, generators and non-powered hand tools including screw drivers, pliers, spanners and splicers.

We appreciate your patience while we build this important project for Sydney, NSW and the nation.
