

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Warwick Farm Station – Weekend Works

Australian Rail Track Corporation (ARTC) will be undertaking construction work at Warwick Farm Station. The works will be undertaken on Sunday 2, Sunday 9 and Sunday 16 January from 8am to 6pm and Monday 3, Saturday 8 and Saturday 15 January 2011 from 7am to 6pm. There will be a contingency period for additional works to 7pm on all days between Sunday 2 January to Sunday 16 January 2011.

The works will include installing a new walkway over the freight line, structural columns for stairs, new footbridge beams, trans-floor slabs, porches, balustrades and new roofing to the stairs; demolishing a waiting room; switching power over; removing billboards; and working at the back of the platform. The equipment on site will include a 100t crane, 20t Franna, scaffolding, generator, oxy sets, delivery truck, and hand tools including a drop saw, power saw, electric drill and hammer drill. These works must be undertaken outside normal construction hours due to the safety risks involved with working in close proximity to overhead wires and rail track.

We appreciate your patience while we build this important project for Sydney, NSW and the nation.
