

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Sewer Diversion Works at Broomfield Street, Cabramatta

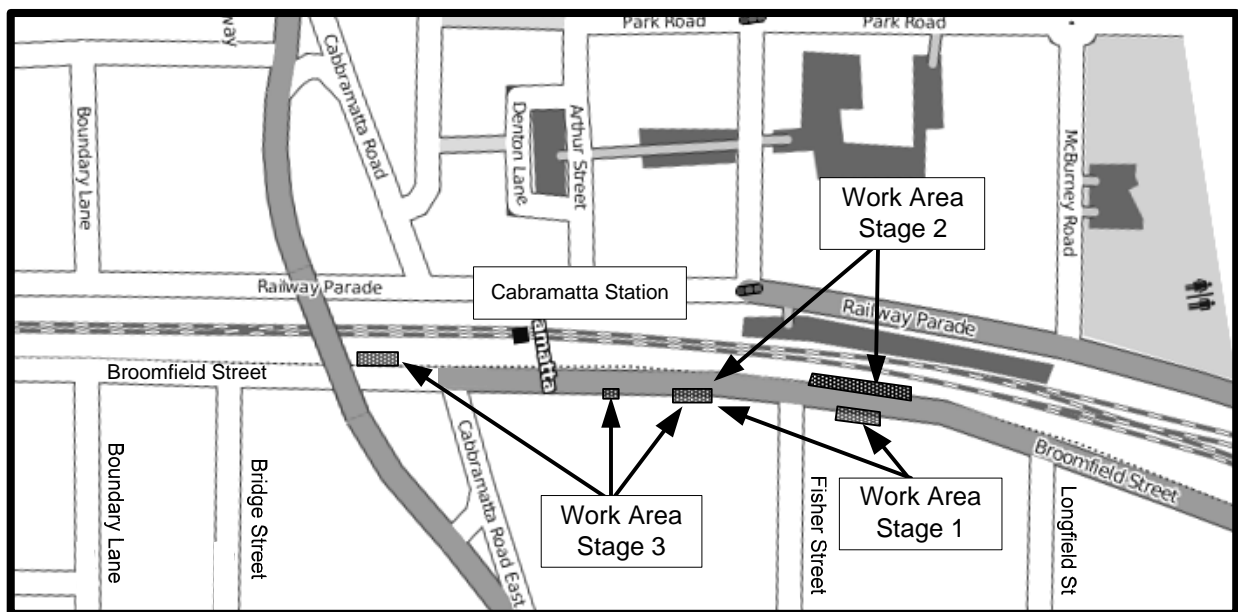

Australian Rail Track Corporation (ARTC) will be undertaking construction work at Broomfield Street, Cabramatta between Longfield and Bridge Streets from 7am to 6pm Monday to Friday, and 8am to 1pm on Saturday. The work will commence on 1 May 2011 and will take 20 weeks to be completed.

A new sewer main will be installed to replace the existing sewer main, which will include excavating an exit and entry pit on Broomfield Street, and trenchless underground boring from Longfield to Bridge Streets.

The equipment to be used will include tunnel boring machine, trucks, excavator, crane, concrete pump, concrete truck, sucker truck, roller, asphaltting and line marking equipment, generators, and powered and non-powered hand tools.

Parking bays on both sides of Broomfield Street from Fisher Street to Cabramatta Station will be closed at different times throughout the works to enable two lanes of traffic to remain open at all times.

Traffic controls will be in place to manage vehicular and pedestrian movements.

We appreciate your patience while we build this important project for Sydney, NSW and the nation.
