

AUSTRALIAN RAIL TRACK CORPORATION LTD

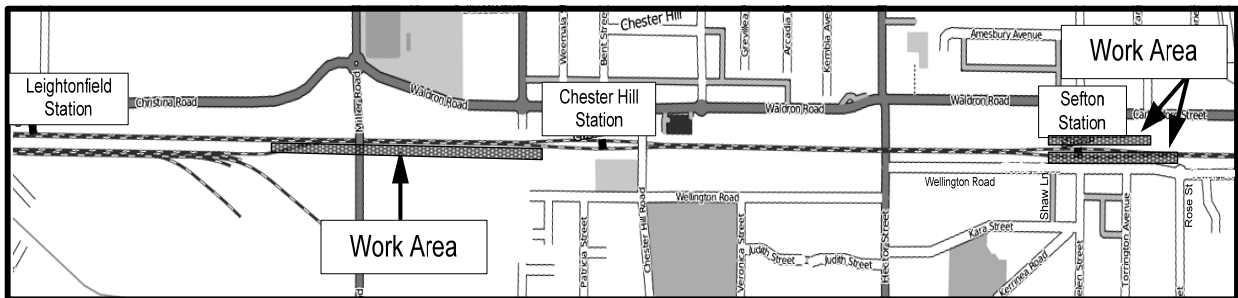

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Construction Work at Sefton and from Chester Hill Station to Leightonfield Station

Australian Rail Track Corporation (ARTC) will be undertaking construction work from Rose Street to Shaw Lane at Sefton, as well as from Chester Hill Station to Leightonfield Station. This work must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires.

Installation and removal of power poles and associated aerial HV works will be undertaken from Saturday 11 June from 7am to 6pm and on Sunday 12 June 2011, from 8am to 6pm (weather permitting). An approved contingency period is in place for Saturday 18 June from 7am to 6pm and on Sunday 19 June 2011, from 8am to 6pm if unable to complete construction works on Saturday 11 and Sunday 12 June.

The equipment used will include two elevated work platforms, two excavators with winches, a cable and pole delivery truck, two diesel generators, two flood lights, a chainsaw, 30t crane, tip truck, pole grabber, and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
