

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

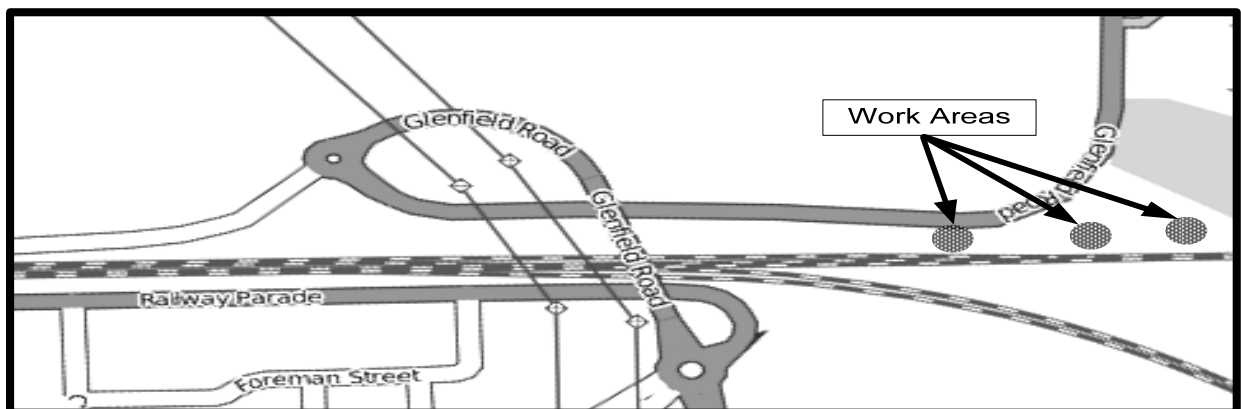

Sewer Connection Works, Glenfield

Australian Rail Track Corporation (ARTC) will be undertaking sewer connection works at Glenfield Road, Glenfield. The works include isolating the existing sewer, and draining and tanking away waste from the scour point, which is located near Glenfield Sub Station. Connection works will be undertaken between the existing main and the new main, and will include excavation, the installation of sewer bends and backfilling and compaction.

The work was initially scheduled in May, however due to wet weather the work had to be postponed.

The work will now take place from 6pm Friday 17 June to 7am Monday 20 June 2011, (weather permitting).

The equipment required will be a flat bed truck, two excavators, a water cart, tool truck, waste tanker truck, two concrete trucks, pumps, two wacker packers and day makers to light the work area. Traffic management will be in place.

We appreciate your patience while we build this important project for Sydney and NSW.
