

AUSTRALIAN RAIL TRACK CORPORATION LTD

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

### Construction Work at Warwick Farm Station

Australian Rail Track Corporation (ARTC) will be undertaking construction work at Warwick Farm Station. This work must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires and tracks.

The work will consist of installation of anti throw screens on the new pedestrian bridge and stairs, demolition of the existing waiting room, removal of lift shaft scaffolding, back of platform and pedestrian bridge works and a power upgrade.

The work will be undertaken from 7am on Saturday 9 July to 6pm on Sunday 10 July 2011. A contingency is in place for 6pm to 10pm on Sunday 10 July 2011.

The equipment used will include delivery trucks, oxy sets, a 100t crane, 20t franna, scaffolding, elevated work platform, generator, compressor, and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
