

AUSTRALIAN RAIL TRACK CORPORATION LTD

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

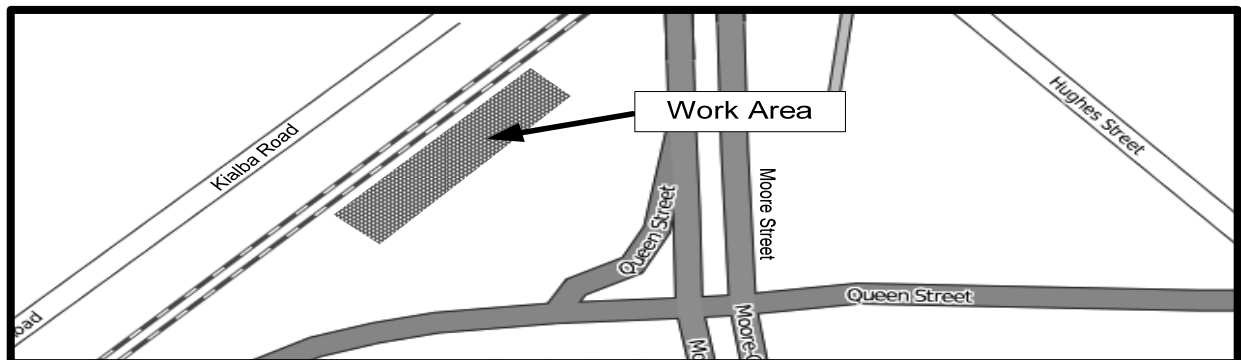

### Campbelltown Construction Works

Australian Rail Track Corporation (ARTC) will be undertaking construction work in your area. These works must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires and tracks.

#### Queen Street Campbelltown

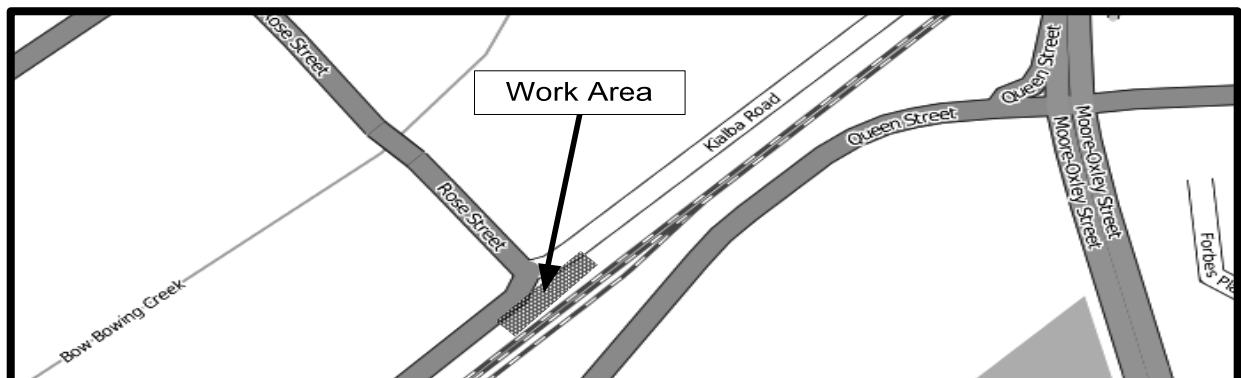

Construction of a concrete encasement around a Sydney Water Pipe will be undertaken on Saturday 23 July, between 4am and 10pm, and on Sunday 24 July 2011, between 8am and 6pm. An approved contingency is in place between 10pm Saturday 23 and 8am Sunday 24 July, and between 6pm and 10pm on Sunday 24 July 2011.

The equipment required for these works will include three excavators, three concrete trucks, concrete vibrating equipment, a franna crane, delivery truck, mechanical tamper, generator, jet washer, and powered and non-powered hand tools.

#### Rose Street Campbelltown

Installation of gas main protection, including installation of shoring, will be undertaken on Saturday 23 July, between 7am and 6pm, and on Sunday 24 July, between 8am and 6pm. The equipment required for these works will include an excavator, concrete truck, franna crane, three delivery trucks, a generator, and powered and non-powered hand tools.

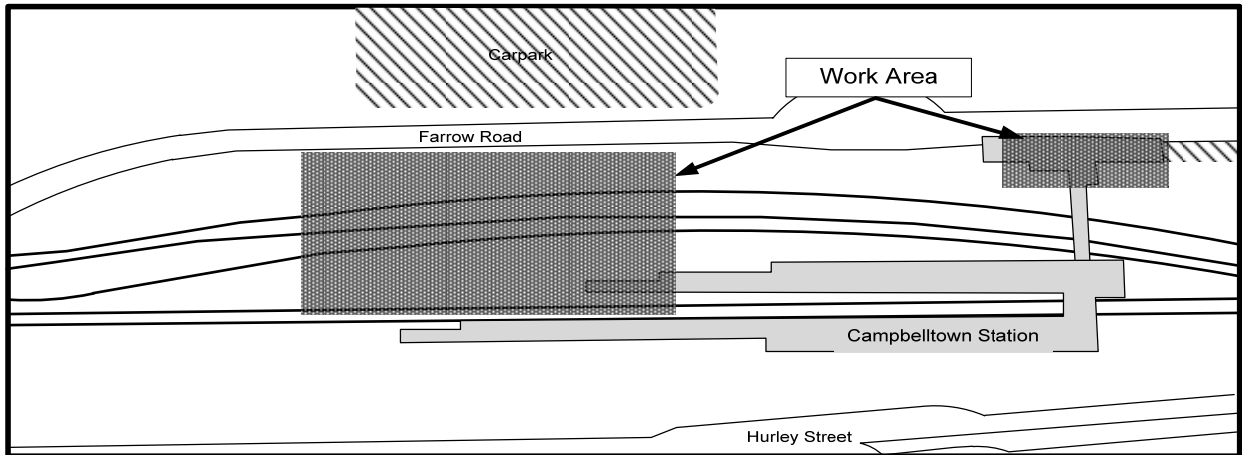

## **Campbelltown Station**

Adjustments to the staff footbridge and works to the existing pedestrian footbridge, including piling and installation of structural steel, will be undertaken on Saturday 23 July, between 7am and 6pm, and on Sunday 24 July 2011, between 8am and 6pm.

An approved contingency is in place between 6pm and 10pm on both days.

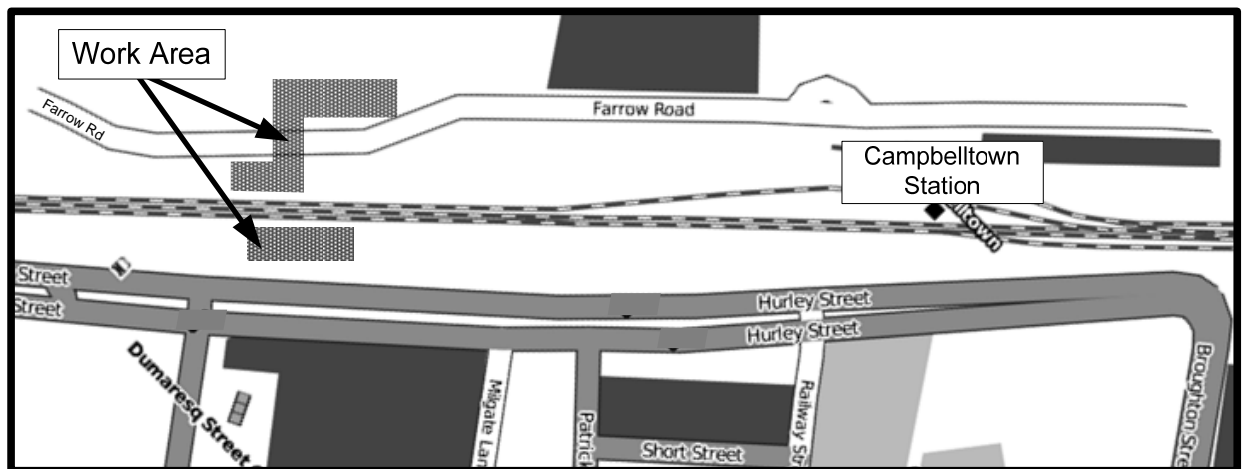

The equipment required for these works will include delivery trucks, oxy sets, a 20t franna, scaffolding, sucker truck, piling rig, elevated work platforms, angle grinder, generator, concrete pump, and powered and non-powered hand tools.

## **Farrow Road Campbelltown**

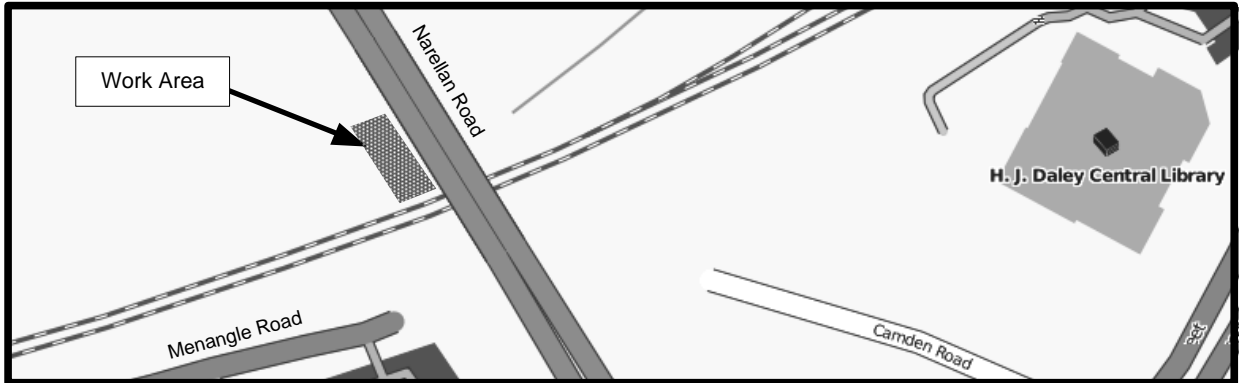

Sydney Water sewer connection and watermain works, involving underboring, excavation, concreting and backfilling, will be undertaken between 1pm Saturday 23 July and 7am Monday 25 July 2011. These works must be undertaken outside of normal construction hours to minimise disruption to residents and businesses, as a water main will be required to be isolated.

The equipment required for these works will include two flat bed trucks, two excavators, a water cart, vacuum truck, tool truck, two waste tanker trucks, concrete truck, concrete saw, traffic control vehicles, and powered and non-powered hand tools. Traffic control will be in place throughout these works.

### **Narellan Road Campbelltown**

Excavation of a trench to identify underground services, will be undertaken on Saturday 23 July, between 7am and 6pm, and on Sunday 24 July, between 8am and 6pm. The equipment required for these works will include a 12t excavator, three bogie trucks, trench boxes and hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
