

AUSTRALIAN RAIL TRACK CORPORATION LTD

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

New pedestrian crossing and paving works at Broomfield Street, Cabramatta

Australian Rail Track Corporation (ARTC) will be installing a new pedestrian crossing and replacing sections of pavement along Broomfield Street, Cabramatta, from Cabramatta Road East southwest corner to the laneway beside the Stardust Hotel.

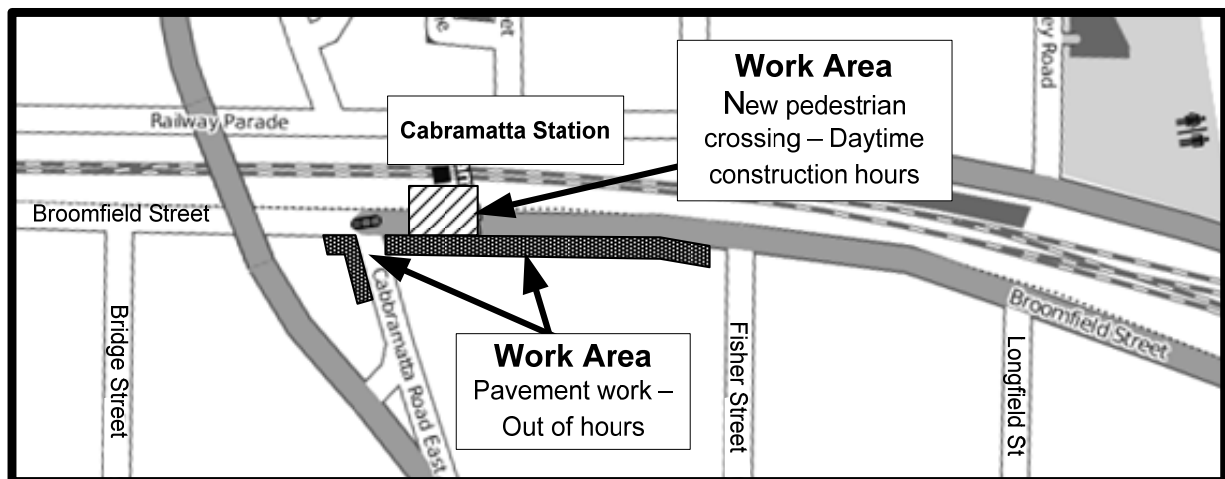

The majority of these works will be undertaken within normal construction hours, however pavement replacement works opposite the Cabramatta Station will be undertaken out of hours to minimise impacts to the local businesses.

These out of hour's works will commence from 21 October 2011 from 7pm to 6am Monday to Friday, and 8am to 1pm on Saturdays and are expected to be completed by 15 December 2011.

These out of hours works will require removing the existing concrete footpath, relocating services where required, installing new brick paving, and installing new kerbing and guttering.

Traffic management controls will be in place along with temporary concrete barriers and signage in place to direct pedestrians and vehicles.

The equipment that will be used includes plate compactor, road saw, demolition saw, jack hammer, excavator, bobcat, roller, trucks, and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
