

AUSTRALIAN RAIL TRACK CORPORATION LTD

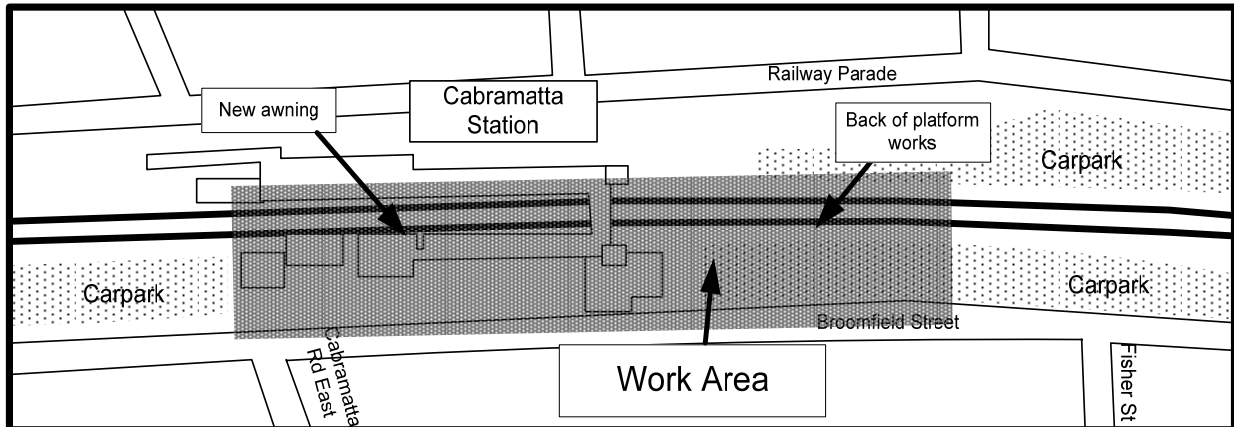

Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

Construction Work at Cabramatta Station

Australian Rail Track Corporation (ARTC) will be undertaking construction work at Cabramatta Station. This work must be undertaken outside normal construction hours because there are safety risks involved with working in close proximity to the overhead wires and tracks.

Station works, including back of platform works, installation of a new awning roof and drainage, the relocation of a stanchion, electrical modification works, as well as footpath kerb works on Broomfield Street will be undertaken from 7am to 6pm on Saturday 22 October and from 8am to 6pm on Sunday 23 October 2011. An approved contingency is in place from 6pm until 10pm on both days.

The equipment used will include a 60t crane, 25t franna, scissor lift, high rail, oxy set, grinder, generator, delivery vehicles, and powered and non-powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
