

AUSTRALIAN RAIL TRACK CORPORATION LTD

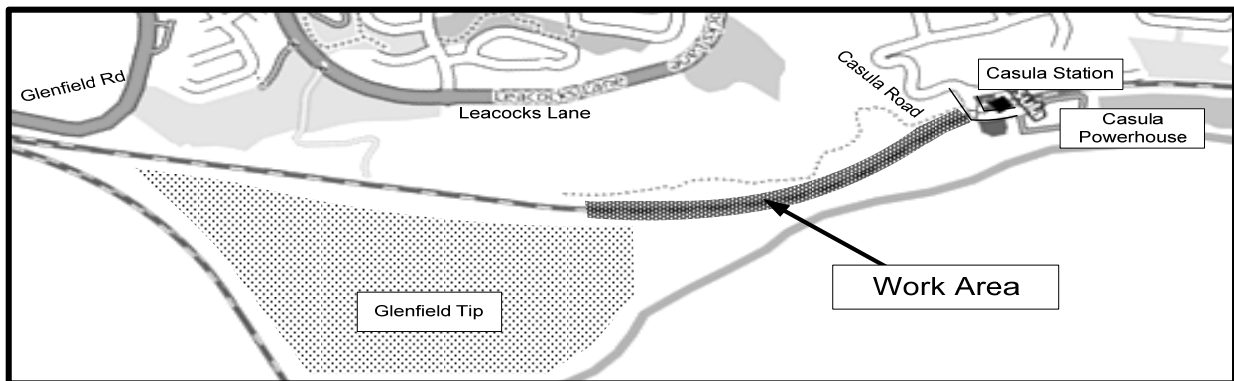

## Southern Sydney Freight Line IMPORTANT COMMUNITY INFORMATION

### Construction Works from Casula to Glenfield

Australian Rail Track Corporation (ARTC) will be undertaking construction work in your area. These works must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires and tracks.

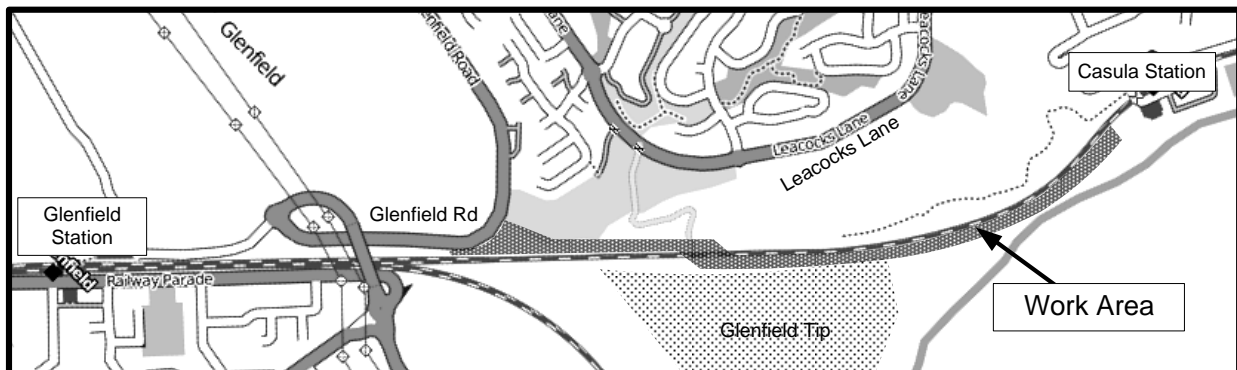

#### Casula Station to Glenfield Tip

Removal of redundant power poles will be undertaken from 7am to 6pm on Saturday 22 October and from 8am to 6pm on Sunday 23 October 2011. The equipment used will include a pole truck, two mobile cranes, an elevated work platform, and powered and non-powered hand tools.

#### Casula to Glenfield

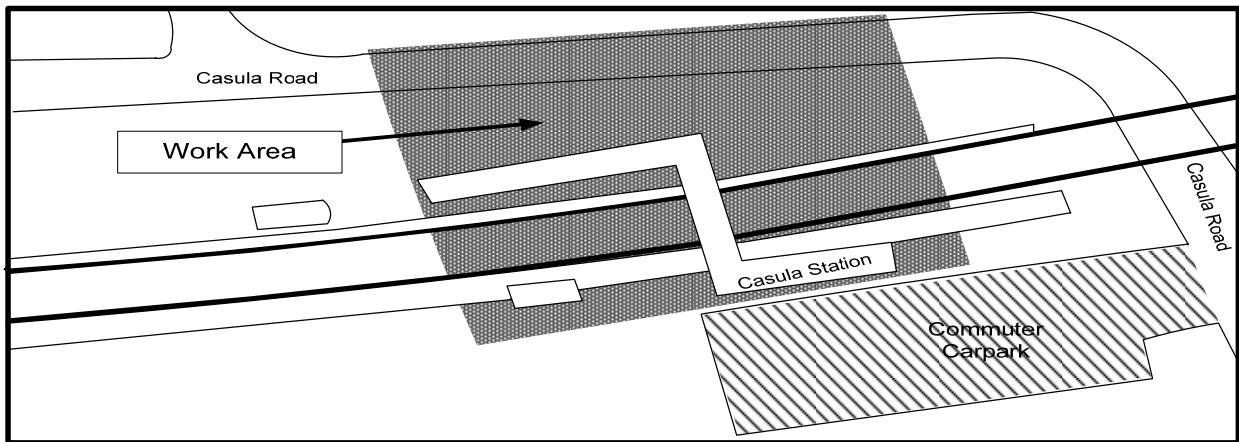

Piling, retaining wall construction, earthworks, drainage works, installation of temporary access roads and level crossing, potholing for services, and installation of sediment and erosion controls will be undertaken from 6am on Saturday 22 October to 6pm on Sunday 23 October 2011 (weather permitting). An approved contingency from 6pm to 10pm is in place for the Sunday. The equipment required for these works will include four piling rigs, five 5t-20t excavators, seven truck and dogs, five pot hole trucks, two cranes, six concrete trucks, three concrete pumps, four vibratory rollers, five lighting towers, four portable generators, a bobcat, backhoe, and powered and non-powered hand tools.

## **Casula Station**

Station works, including works to all lift shafts including placing of steel, glazing and cladding, installation of the new pedestrian bridge, concrete works and platform works will be undertaken from 7am to 6pm on Saturday 22 October and from 8am to 6pm on Sunday 23 October 2011. The equipment required for these works will include 100t crane, 20t franna crane, mobile scaffold, elevated work platform, knuckle boom, generator, concrete pump, oxy set, concrete saw, piling rig, and powered and non-powered hand tools.

The installation of steel reinforcement bars for the construction of the deflection wall will take place from 7am to 6pm on Saturday 29 October and from 8am to 6pm on Sunday 30 October 2011. An approved contingency is in place from 6pm to 10pm on both days. Only hand tools will be used.

We appreciate your patience while we build this important project for Sydney and NSW.
