Tree Trimming at Villawood

Australian Rail Track Corporation (ARTC) is currently undertaking tree trimming and removal works in Villawood for the Southern Sydney Freight Line project.

Trees that are currently located just outside the rail corridor on the corner of Sanderson Street and River Road, Villawood, require removal as they are currently in close proximity to existing high voltage power lines.

The trees will be trimmed on Saturday 26 November 2011 from 7am to 6pm. The equipment that will be required includes an elevated work platform, crane truck, tree mulcher, medium rigid truck and powered hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
