Community Notification – Sewer works at Broomfield Street, Cabramatta

Australian Rail Track Corporation (ARTC) will be undertaking sewer connection works at Broomfield Street, between Fisher Street and Cabramatta Road West, Cabramatta. These works must be undertaken outside of normal construction hours to minimise disruption to residents and businesses, as a sewer main will be required to be isolated. The works will be undertaken on three nights from **6pm to 6am, from Monday 23 January 2012 to Wednesday 25 January 2012.**

The equipment used will include a 7t excavator, tip truck, hiab tipper, wacker packer, concrete truck, jack hammers, compressor, back hoe, water pump, road sweeper, lighting tower, and powered and non-powered hand tools, as well as sewer tankers (contingency only). Partial lane closures will need to be implemented during the connection works. Traffic controls will be in place to manage vehicular and pedestrian movements.

We appreciate your patience while we build this important project for Sydney and NSW.
