

The Southern Freight Link

Community Notification – Construction work, Campbelltown (ID 103.03)

The Southern Sydney Freight Line Project (SSFL) will be undertaking construction work in your area. These works must be undertaken outside normal construction because there are safety risks involved with working in close proximity to the overhead wires and tracks. A power outage in the rail corridor is scheduled from **3 to 4 March 2012 with a contingency from 10 to 11 March 2012**. This means passenger trains will not be running on these weekends to allow for construction work on the train lines. The Southern Sydney Freight line will utilise these power outages to undertake work safely.

Kellicar Road to Hidcote Road Campbelltown

Installation of bridge planks will be undertaken from **7am to 6pm Saturday 3 March and 8am to 6pm Sunday 4 March 2012**. An approved contingency is in place for the following weekend from **7am to 6pm Saturday 10 March, and 8am to 6pm Sunday 11 March 2012**, if required. The equipment to be used for plank installation works includes a 55T - 100T crane, flatbed trucks, 25T Franna crane, a generator and hand tools.

We appreciate your patience while we build this important project for Sydney and NSW.
